9th Educational Meeting on Surgical Incisions in the Foot and Ankle

Practical Applications with Cadaver Dissection

Ankara University Faculty of Medicine, Department of Anatomy: March 14-15, 2025

Dear Colleagues,

We are delighted to invite you to the **9th Educational Meeting on Surgical Incisions in the Foot and Ankle**. This course aims to convey the fundamental surgical approaches and techniques in the field of foot and ankle surgery, both in theoretical and practical aspects. In particular, the hands-on sessions with cadaver dissections will offer participants a unique experience. Furthermore, the discussion session at the end of the day will provide an opportunity for participants to share their questions and reflect on what they have learned.

This course is organized under the auspices of TOTBİD, with contributions from the TOTBİD Üsküdar - Foot and Ankle Surgery Section, and led by expert instructors in the field. We would be greatly pleased to welcome all our colleagues who wish to enhance their surgical skills and engage in knowledge sharing.
